

Biočko - Križ, 848m

'Zu den Wassermillen, 6+

Rudiger + Anita Helmsinger
25. 10. 2017

The route has one target :
The "waterpipes" high above
in the middle of the big
"Križ" wall.

The ascent from Sv. Rok is
easy and within 30min possible.

Good to combine with "Klondike, 6a"
(5 pitches); - then you have to walk appr.
10min from the end of "Klondike"
left to the start of the route.

Very elegant climbing in
mostly wonderful rocks
